NORTH VIETNAMESE ARMY
REGULAR

The North Vietnamese Army was the legacy of the Viet Minh, who fought the French Colonialist Army for independence in the early '50s. The NVA began as an ill-equipped peasant army in the '50s but would, with its fanatical devotion to Ho Chi Minh's socio-political agenda and being supplied by the Chinese and Russian armies, ultimately prove a fierce and respected adversary during the Vietnam War. 21st Century Toys' NVA Regular is the very depiction of how the NVA rank and file soldier was outfitted during that period.
